

**SAVE THE DATE!!!**

**It's never been easier for Iowa music educators to work with music literacy experts (and earn recertification or graduate credit while doing so)!**

John Armstrong and Carol Krueger will both be "on tour" in Iowa this summer to share their amazing techniques and ideas that are instantly applicable in your classroom/rehearsal.

Each day will run from 8:00-5:00.

The workshops are sponsored by ICDA, which is deepening its mission by "offering continuing education opportunities" and "promoting excellence in the choral art through high quality offerings and events."

The workshops will be **FREE to ICDA members** and only \$25 for non-members.

One recertification credit may be earned by attending both workshops in the same location or by attending one workshop and completing an online component. One graduate credit will also be available (and requires an additional 30 hours of outside work).

Online registration will be available soon. We hope to see you in one of the locations below this summer!
